## COMMENTS INVITED ON APPLICATION OF TMC OF VIRGINIA, INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 05-257  
Comp. Pol. File No. 722

Comments Due: August 26, 2005

Section 214 Application  
Applicant: TMC of Virginia, Inc.

On August 5, 2005, TMC of Virginia, Inc. (TMC or Applicant), located at One Washingtonian Center, 9801 Washingtonian Blvd, Suite 510, Gaithersburg, MD 20878, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of certain domestic telecommunications services in the state of Virginia. By an amendment filed August 11, 2005, TMC corrected certain deficiencies in its initial application. Accordingly, the application is deemed complete and officially filed with the Commission on August 11, 2005.

TMC indicates that it provides resold local exchange and long distance services to business customers in the state of Virginia. TMC asserts that its underlying carrier, Verizon Virginia Inc. (Verizon), may terminate service to TMC and its customers as a result of a dispute between TMC and Verizon. TMC states that it has placed orders to migrate nearly all of its affected client accounts to other carriers, but TMC indicates that not all of the affected TMC client locations can be served by TMC's other underlying providers. As a result, TMC indicates that it must discontinue service to approximately 350 customer accounts that it will no longer be able to serve. According to TMC, Verizon has indicated that it may terminate service to TMC and its customers on September 12, 2005. TMC asserts that it sent written notice of its planned discontinuance and reduction in service to all affected customers on or before August 5, 2005. TMC further explains that on or before August 5, 2005, it provided written clarification to affected customers regarding a typo contained in the original notice to customers. TMC states that it is a non-dominant carrier with respect to the services it seeks authority to discontinue.

In accordance with section 63.71(c) of the Commission's rules, TMC's application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies TMC that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, TMC may not terminate

service until **September 12, 2005**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **August 26, 2005**. Such comments should refer to **WC Docket No. 05-257 and Comp. Pol. File No. 722**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
